Observations in Nerwich.

Observations in Nerwich.

The college of the war savings plan may be seen by the fact that many of those who were solicited during the drive last month have stated that they regret that they had not purchased thrift stamps earlier. The following records, reported from Sevin's pharmacy, show the changes in temperature and the barometric changes Monday: Letter carriers are now furnished with the names of those people on their routes who have signed pledges and call on them with the stamps, thus saving the purchaser the bother of going to the local postoffice. Those 7 a. m. 58 30.01 12 m. 76 30.95 5 p. m. 76 36.97 people who purchase stamps at the McCormick, P. J. McNerny, M. J. Murwindows in the postoffice may, if they phy, J. L. Counihan and F. J. Murthaso desire, designate which route they one of the postmen sold over \$1,000 are on and have the sale of the stamps worth of stamps during the past week.

Predictions for Monday: Partly CONSERVATION OF FUEL

BY LOCAL FACTORIES nstructions Issued by Fuel Adminia-

At a meeting of chairmen of local del committees held at Hartford on Wednesday, July 19th, the matter of economy in the use of coal by fac-tories was considered, and Martin E. Jensen, local fuel administrator, has announced the following regulations: Six hours after high water it is low administrator. After the filing of these
papers, personal inspection of power
plants will be made by United States
fuel inspectors and factories will be
rated in five classes according to the
degree of theroughness with which Motorbeat Trip to Greton Long Point The motor boat, Dolly B., owned by Henry and Andrew Boyd, made her first trip to Groton Long Point Sun-day. Edward Riordan, Harry Mack, John Swanton, William Delaney en-

they carry out measures of economy in fuel.

It is probable that the following eight recommendations will be made: Fuel—That means be provided for measuring and recording the fuel used each day and by each shift.

Water—That boiled feed water be heated by exhaust steam or waste heat and measured.

Air Supply—That a correct amount are supply—That are supply—That a correct amou measuring and recording the fuel used William C. Semple spent Sunday at leach,

William Riordan spent Sunday at Air Supply-That a correct amount of air be supplied to the fuel, and that proper means be provided for measuring and regulating the draft. Mrs. Joseph Lavique of Montreal is visiting Mrs. P. H. Ethier. Clean Heating Surfaces—That boiler neating surfaces be kept clean inside I. is the guest of Mrs. Grant Fester Boiler and Furnace Settings-That

the furnace and setting be kept in good repair and free from air leak-Mrs. Orland Burdick of Los An-seles, California, is visiting relatives on Prospect street. faces wasting heat by radiation be covered with suitable insulating ma-Mr. and Mrs. Frank D. Croeker have returned from Bar Harbor and are at home at \$5 Prospect street.

Engine Room and Heating System-That wherever possible exhaust steam be utilized to the exclusion of direct steam from the boilers. The plant should be designed and operated to produce no more exhaust than can be fficiently utilized in heating and pro-

Robert Swanton, E. Barry and Jocess work.

Supervision—That a competent employe or committee of employes be detailed to supervise the work of fuel conservation in the boiler and engine plants, and that a competent committee be appointed in charge of the work of fuel conservation in the buildings, and shops outside of the power plants. This preliminary report on the sitsoph Gates of the submarine base, New London, spent Sunday here. Miss Edith Wilson of Thirteenth street is at Groton Long Point with the Delta Upsilon Phi serority of N. P. A. This preliminary report on the situation was obtained at an interview with the chairmen of local fuel committees.

NOTICES HAVE BEEN SENT TO ROQUE PLAYERS. Secretary A. L. Peale Busy With Plans for Tournament to Be Held in Au-

Notices are being sent out by Sec-retary Arthur L. Peale of the Roque association to the members notifying them of the annual tournament which is to be held here the week of Aug.

19th. Secretary Peals has received a letter from W. C. Rodman of Philadelphia in which he says that the Quaker City expects to send a large delegation to the tournament this year. All the Philadelphia men are exertly looking forward in a pleasant time in

ing forward to a pleasant time in Nerwich.

Mr. Rodman says that he copes that there will be a large turnout of the older men this year, as the entries from the younger men will not be as numerous as in former years owing to the fact that most of the younger men are engaged in war work. Two of the local stars, Woodruff Sullivan and Loue Stockwell, are in the service and will probably be unable to compete this year.

It.

The sale of thrift stamps to school children is now being done through the local postoffice and every Menday morning the postmen carry a supply of stamps to the different teachers at the various school buildings on their routes for the children.

During the past week five names have been placed on the honor roll in the postoffice for the letter carriers this year.

The grounds are now being put in condition and the local mallet wielders will probably commence practice within a few days. Eddie Clark of Springfield, holder of the first Van Wickle medal, is expected to be present again this year, as is Gerald Brassill, the local crack, who is the helder of the Adams prize mallet.

The following are the committees: the posteffice for the letter carriers
